

# Rest Area and Tourism

## 휴게 시설과 관광 사업

### Rest Area with Attractive Stores, Facilities and Services

We have been developing existing rest areas into a new type of rest areas (called "PAVARIE" or "MOTENASU" in NEXCO-West, "EXPASA" or "NEOPASA" in NEXCO-Central or "PASAR" in NEXCO-East) under the concept of turning a mere rest spot into a shopping mall on an expressway. By offering an array of new products and services that meet a broad range of needs, we provide attractive shopping environments and hospitality to customers.

#### Community-based Rest Area

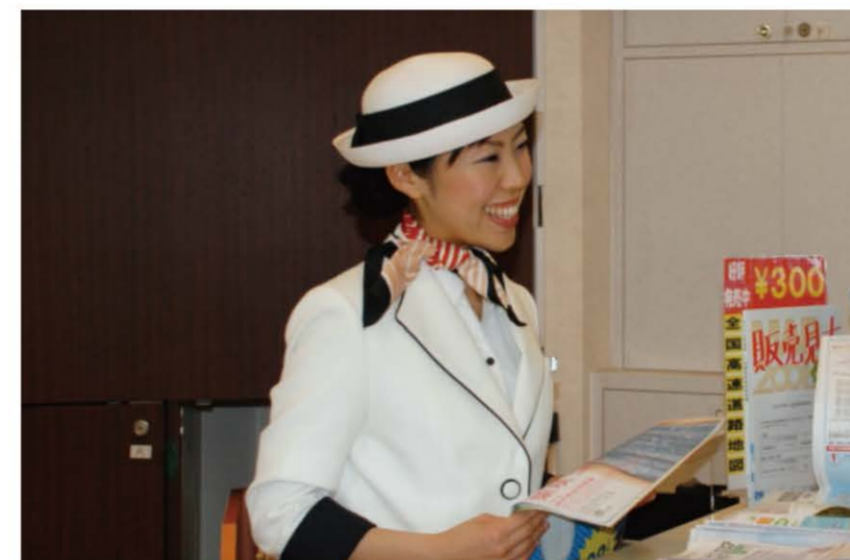

Rest areas can revitalize the local community by selling locally-produced products, providing opportunities for local business (retailers, farmers, service providers, etc.), and improving access from local highways.

#### Multi-purpose restroom

Restrooms convenient for disabled customers and their caregivers

#### Rest Area Concierge

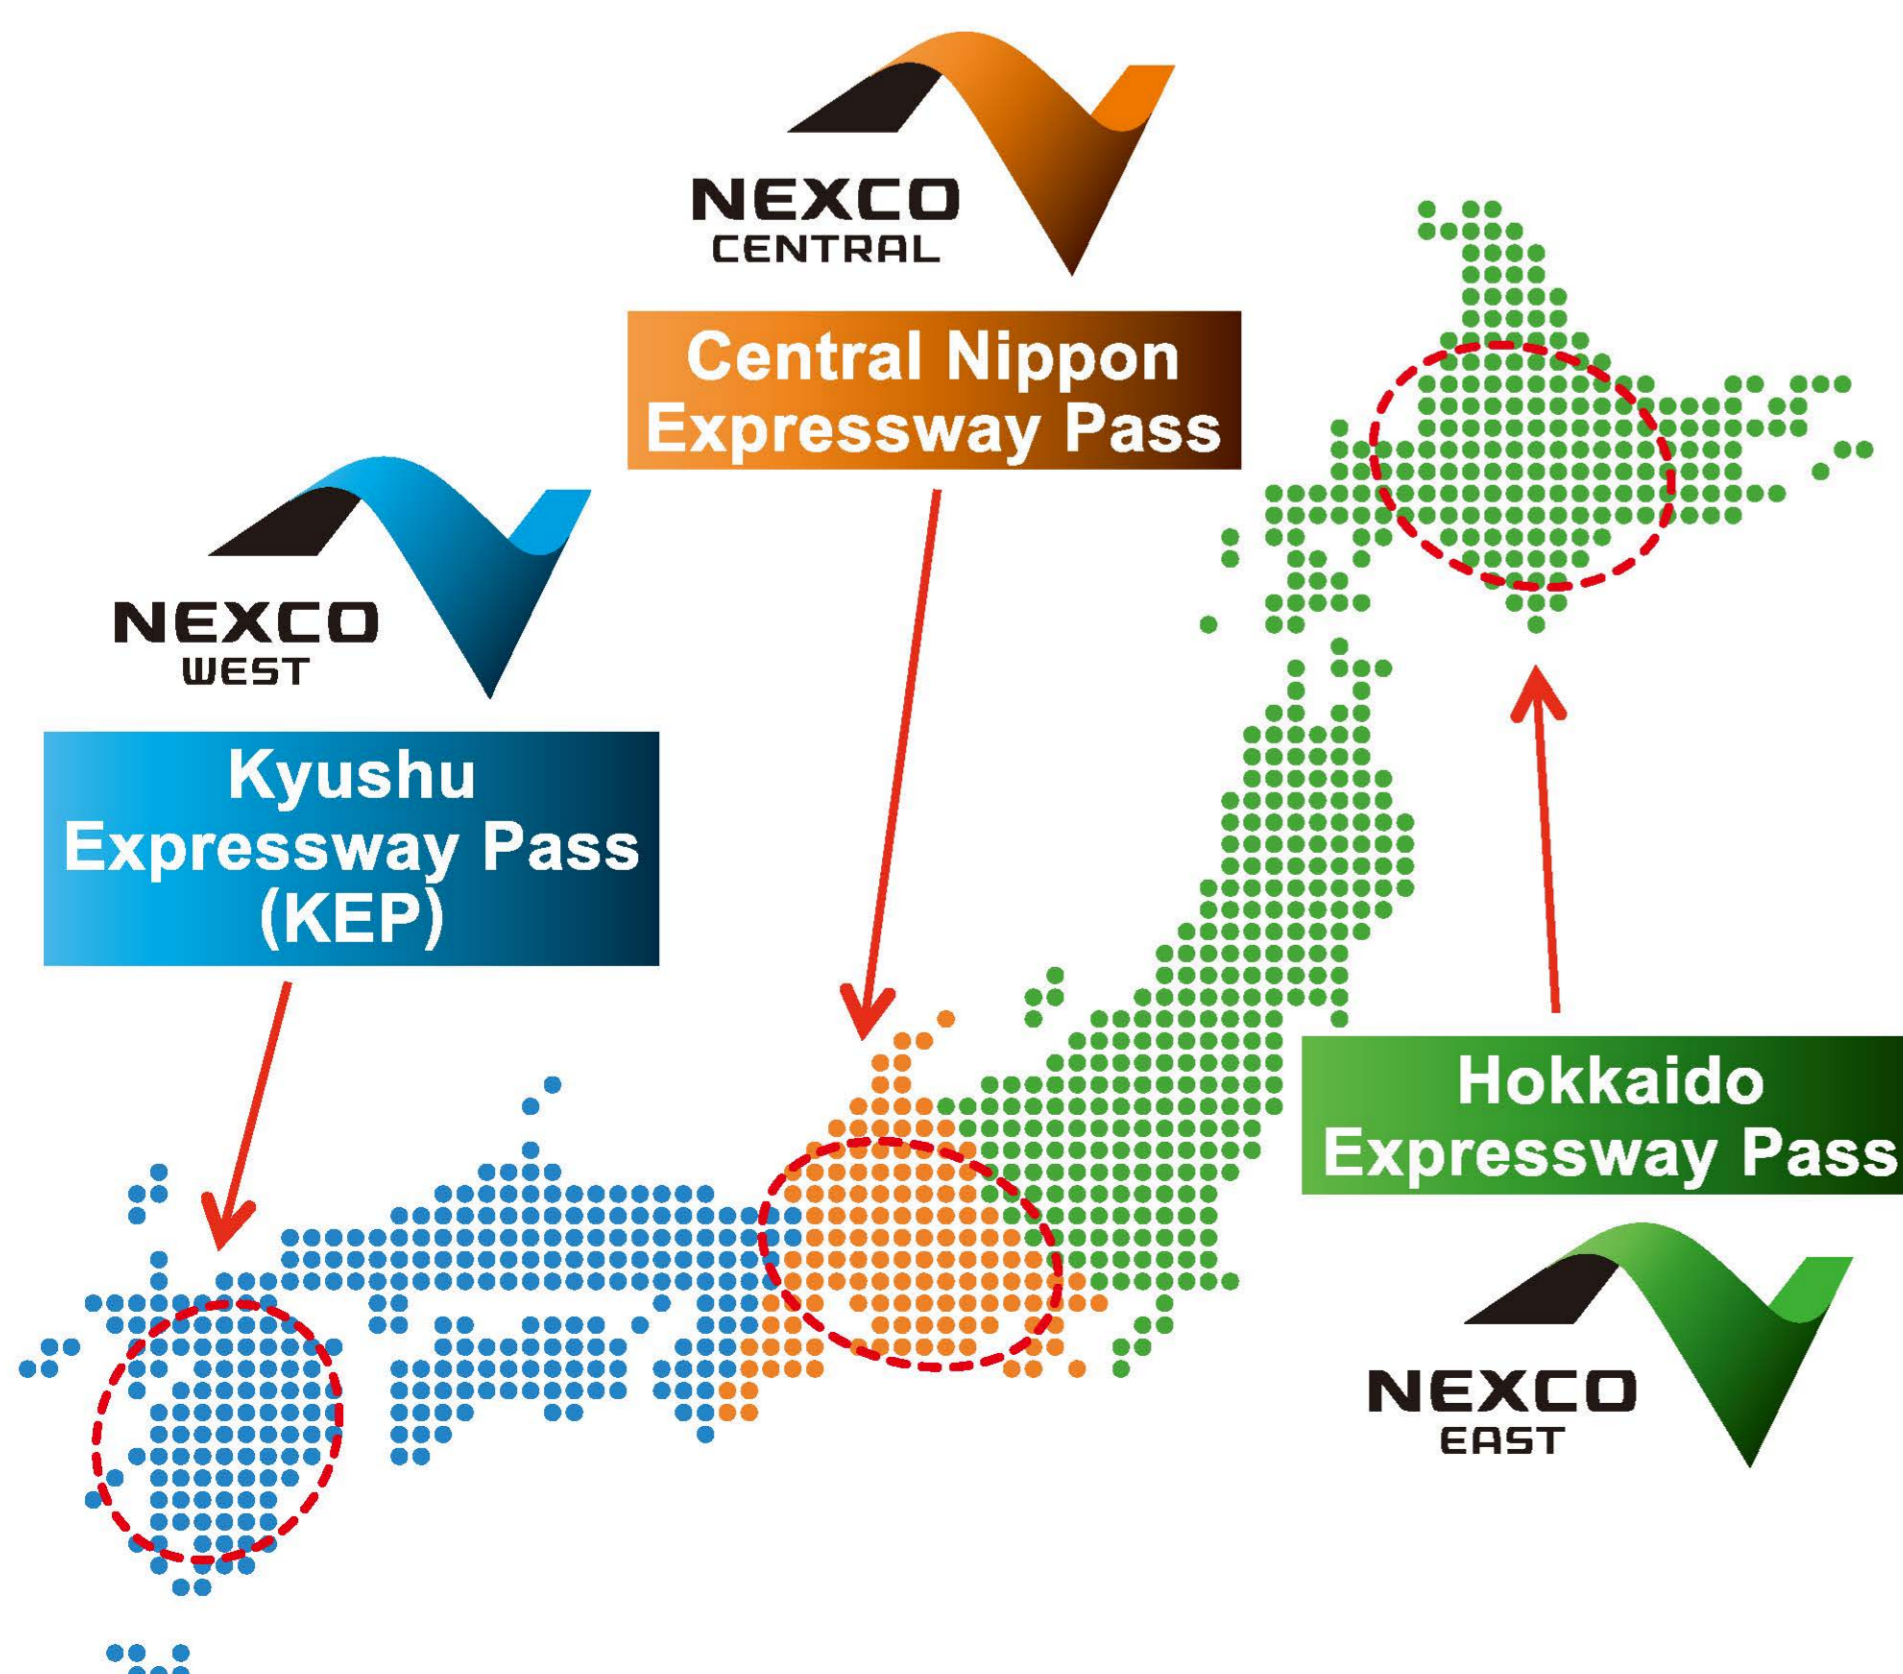

Concierge desks are located at major rest areas, where our professional staff assist customers with various needs, for example, providing traffic information or suggesting points of interest nearby.

#### Welcome Gate

This type of entrance for pedestrian allow neighbors to walk into the Rest area for enjoying restaurants or shops in the SA/PA.

### Expressway Discount Pass for Tourist from Abroad

**Central Nippon Expressway Pass (CEP)** provides you with an opportunity of expressway driving in Central Japan at a reasonable and fixed price. With the ETC(electronic Toll Collection System)card provided by designated car rental companies, you can use expressways without stopping at toll plazas.

With additional charges, you can also use expressways outside CEP area. Please find more information on our website. (URL:<http://global.c-nexco.co.jp/en/>)

**Period:** Available until March 31st, 2016

**Eligible users:** > Having a non-Japanese passport or, in the case of Japanese citizens, having permanent residence in abroad.  
> Having a driver's license that is valid in Japan.

**Kyushu Expressway Pass (KEP)** offers a drive on all expressways in Kyushu for a flat rate (except for some areas). When you make a reservation, book both the car and the "KEP" plan of your choice.

**Period:** Available from September 1st to December 25th, 2015  
Please check the website for details.
